SAN FRANCISCO STATE COLLEGE

SUMMER SESSION "NEWSETTE"

First Issue: Thursday, July 3, 1941
Editor and Staff: Summer Session and Hostess Chairmen
Faculty Sponsor: Dean Mary A. Ward

-To the Members of the Summer School Student Body-

May I take this opportunity of extending a hearty welcome to the members of our summer session student body. Our work here started off in a very satisfactory way. We have a fine group of interested students and a good spirit prevails. We trust that your experiences here are pleasant and that they shall prove of great value to you. May I ask you to give me any suggestions by which we may improve our program. I shall be glad to talk to any of you or to receive notes from you.

May we all work together for better summer sessions.

Very truly yours,

Dean Walter J. Homan
Director of Summer Session

The office of the Dean of Women extends a very cordial welcome to all of the students of the summer session. It is a pleasure to see so many of our old graduates returning for further inspiration and help. We welcome you with a special welcome. We also extend very cordial greetings to those who are with us for the first time. We have planned a social program, very informal in nature, and it is our hope that you will make an effort to attend many of our social events.

Come and get acquainted with both students and faculty. We will enjoy meeting you.

Mary A. Ward

-The Registrar's Office Extends Greetings-

Now that the first rush of registration is past, we can express our greetings and best wishes for a pleasant and profitable summer. It is good to see the familiar faces of our old friends, and so stimulating to meet new friends.

We hope you receive the well-rounded experience we have planned for you through our academic and social program. If we can be of assistance in any way, please call on us.

Florence Vance
Registrar

-From the Placement Secretary To You-

It is indeed a pleasure to extend a cordial greeting to you "summer schoolers". If placement secretaries weren't such harried folks, they'd be talking with you in the halls or down at the "caf" instead of talking at you via the summer school newspaper.

I do hope you'll find time to look me up here in Room 114 if for no other reason than to say "hello". If you have any questions relative to placement I'd be glad indeed to try to answer them. Too, come in to use our directories of California school officials if you have occasion to do so or look over the county courses of study that are available in our office.

A happy summer to all of you.

Alma Downey
Placement Secretary

Latest enrollment figures: 894

The Frederic Burk School hums with activity. The demonstration school, the training school, the speech clinic, the publisher's exhibits in the lower hall, and the Eleven O'clock Hour are all well under way. Demonstration rooms opened to observers last Monday and will remain open for the rest of the summer session. There are hostesses to direct visitors to classrooms they wish to observe.

Five classrooms taught by teachers who have earned distinction in the teaching field are open to observers. One of these is an eight grade rural school taught by Mrs. Estelle Dingess, rural teacher from Imperial County. The American home is the unit of work around which much of the children's summer school experiences will center. Mrs. Alta Harris, general elementary supervisor of San Francisco schools and Miss Ida Morrison, San Francisco primary teacher, share the teaching of the first grade. The center of interest in the social studies will be activities in the home. Mrs. Olive Manifen, Oakland primary teacher, teaches the third grade. Indians of the Southwest with special emphasis upon the culture of the Pueblo and Navajo Indians is the center of interest. Miss Anna Forbes teaches the fifth grade. She has selected for the summer a unit entitled "How man has progressed through the manipulation of his physical environment" with special emphasis upon heat and light. Mrs. Rena Lesser, Oakland teacher, teaches the 7th grade. The title of the unit of this grade is "United States Neighbors to the North and South."

As a feature of the A.C.E. Convention, a busload of members will visit the Frederic Burk demonstration school on Monday, July 7th. Other schools in the bay area have planned open house during the week of the convention. Students of San Francisco State Summer Session are especially invited to visit the Piedmont Avenue School in Oakland on Monday afternoon, July 7th, from 2-4 p.m. and the Hawthorne and Sunshine Schools in San Francisco on Thursday, July 10th, from 1-5 p.m.

The remaining classes in the Frederic Burk are taught by experienced teachers who are working toward additional teaching credentials. These rooms are not open to visitors.

Grace Leathurby, Principal
Frederic Burk School

PUBLISHERS' EXHIBIT

Each summer in the Frederic Burk Training School, leading book companies set up an exhibit of their latest publications in the line of texts and workbooks, books for the teacher, supplementary materials suitable for primary, elementary, high school and college level. Price lists and orders for materials may be arranged with the representatives of the companies who are located in the main hall of that building. It is an interesting exhibit and offers valuable suggestions to the teacher who is already out in the field, as well as to the teacher to be.

Opportunity To Usher

Many members of the student body of San Francisco State College will usher at the A.C.E. Convention in Oakland, July 7th to 12th. Educators throughout the nation are convening to discuss and study problems of child welfare and the teacher's part in the defense program. Headquarters of the convention are at Hotel Oakland. Meetings will be held at the Scottish Rite Temple as well as at the hotel.

All evening meetings will be open to the public. Our student chapter of A.C.E. is sending many members to take advantage of attending the convention without payment of registration fees by serving as ushers.

.....Flora Farina

MUSIC WORKSHOP

Visitors are cordially invited to the Music Workshop held at the John Muir School, Webster and Page Streets, daily.

A Music Workshop program will be given by the school children the last two evenings of summer session. Dr. William Knuth, Head of the Music Department of San Francisco State College, assures everyone attending a delightful time.

FACULTY GREETS STUDENTS

The Faculty-Student Welcome tea that was held on June 25, between 2 and 4 o'clock in the afternoon saw the making of many friendships and the renewal of many old ones.

Among those present was Mrs. Leathurby. She and other members of the Frederic Burk staff were over in a corner busily discussing the Training School with teachers who started their career here. Dean Homer and Mrs. Brown came, representing the Counselors' Office. Miss Vance and Mrs. Downey, our very great friends, enjoyed a cup of coffee at the table near the door. Many students from near and far came to the tea. Dr. Arneson gave a little talk and invited those attending to visit the Philosophy Lectures held at Frederic Burk auditorium every Wednesday.

Dean Ward went from group to group greeting everyone, lending warmth and friendliness to the entire affair. According to Mrs. Olga Perkins, Summer Session Chairman, the tea was a great success.
